BSc(Hons) in Computing 09/08/2019 – 04/06/2021
Informatics College Pokhara | Pokhara, Nepal

Address: Pokhara, Nepal 33700

💡 Creative Works

E-Learning Management System (LMS)

Developed a scalable e-learning platform using Next.js and MongoDB, featuring dedicated dashboards for students, instructors, and administrators. Implemented a secure course enrollment and payment system with eSewa and Khalti integration. Leveraged Next.js capabilities such as Server-Side Rendering (SSR) and Incremental Static Regeneration (ISR) to deliver high-performance, SEO-friendly experiences. Enabled real-time course progress tracking for students and built a modern, responsive interface optimized for seamless learning across devices.

Eyewear Retail & Virtual Try-On Solution

Developed a modern eyewear e-commerce platform that delivers an interactive and seamless online shopping experience. Built a virtual try-on feature that enables customers to preview glasses in real time before purchasing, improving engagement and purchase confidence. Leveraged Next.js with Server-Side Rendering (SSR) and Static Site Generation (SSG) for high performance and SEO optimization, Tailwind CSS for scalable UI development, and Motion for smooth, engaging animations. Designed a fully responsive user experience optimized for desktop and mobile devices.
